

## EQUESTRIAN SPORT LUGGAGE

Innovative, functional and fabulous, IPPOS International's On The Circuit Collection of equestrian sport luggage has taken southern California by storm. Serving a wide audience from pony riders to International competitors, this unique collection has received rave reviews. 'Tis the season to put it on your gift list for that special equestrian.

Invented by a show mom exasperated with losing her daughter's show attire or leaving important items such as Vogels at home, the IPPOS On The Circuit Collection offers a boot and hat show duffel, a garment bag for show clothes, a barn duffel for paddock boots and half-chaps as well as a day tote that fits everything from make-up to homework, laptop computers and more. With each item the inventor considered all the details from an inside zipper pocket for hairnets and bobby pins to a unique garment bag hook that can hang from a nail in the tack room or hotel closet.

"The bag is both useful and fashionable at the same time," explained Grand Prix rider Jill Humphrey who took her IPPOS piece to Rio de Janeiro for the Pan American Games. "A great way to stay organized." Offering a combination of durability, functionality and fashion, the IPPOS On the Circuit Collection is a unique interpretation of premium quality faux leather, suede and hardware designed to take on horse show hazards such as dust, mud and more and with the wipe of a wet towel look like new.
